⑩ USB Receiver
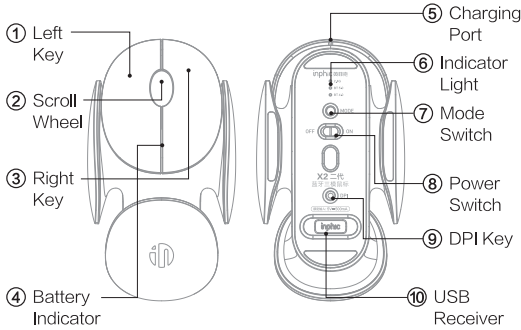

USAGE GUIDELINES

Connection:

Toggle the power switch at the bottom of the mouse to ON position, the first time you use the mouse boot default is 2.4G mode；

■ 2.4G mode: ①Take out the USB receiver at the bottom of the mouse, ②Plug it into the device's interface; ③The power indicator lights up, and the mouse can be used normally.

■ Bluetooth mode: ①Press the MODE button at the bottom of the mouse, switch to BT5.0/BT4.0 (the indicator light flashes slowly); ②Long press the MODE button for 3 seconds (the indicator light flashes quickly and enter the pairing mode); ③Turn on the device's Bluetooth to search BT5.0 Mouse/BT4.0 Mouse to connect; ④The indicator light will be on for 2 seconds and then turn off, and the mouse can be used normally.

Note: Bluetooth 5.0/4.0 does not support WIN7 system.

TIPS PLEASE NOTE：

■ Pairing time is within 3 minutes when Bluetooth mode is flashing quickly and within 5 seconds when Bluetooth mode is connecting back.

■ The mouse enters the first level of sleep after 3 seconds of deactivation, and can be woken up by moving the mouse or pressing any button; The mouse enters the second level of sleep after 10 minutes of deactivation, and can only be woken up by pressing any button.

■ Bluetooth version 5.0/4.0 support: WIN8 /WIN10, Mac, Android (support iOS 13.0 or above).

> *Bluetooth 5.0/4.0 does not support WIN7 system, if needed, it can be connected by 2.4G;
> *Bluetooth of this tri-mode wireless mouse is dual-mode and dual-channel, one can support 3 hardware devices, switching devices automatically back to the connection, no other operation is required.

LOW BATTERY & CHARGING INSTRUCTIONS：

■ When the voltage is under 3.3V, the mouse enters the low power mode with a power display white light flashing; when the voltage is under 3.0V , the power will automatically cut off.

■ Recommended to use the computer USB port to charge the mouse (5V/500mA)

■ When charging, the power indicator light is three white lights flashing cyclically.

■ Three lights are always on when fully charged and it takes about 2 hours to fully charge.
